Student Admission Checklist

NAME OF STUDENT SEEKING ADMISSION: _____

NOTE TO PARENTS SEEKING TO ENROLL NEW STUDENTS: This checklist summarizes the various requirements of Ashland-Greenwood Board of Education policy and Nebraska law regarding the enrollment of new students. Providing evidence of meeting all items on the checklist is a prerequisite to full enrollment with class attendance privileges.

Residency

If a student lives within the physical borders of the Ashland-Greenwood school district, he or she is eligible to enroll. Students not residing within the district may be eligible to enroll provided other requirements are met; those requirements will be addressed on a case by case basis.

Age

Students shall not be admitted to kindergarten unless they have reached or will reach the age of five on or before July 31 of the current school year. Upon reaching age 21, students are no longer eligible for continued attendance privileges.

Not Currently Expelled

Students currently expelled from another school district will not be enrolled until such time as the expulsion period enacted by the previous school has expired.

Admission Information Forms

The "Admission Information Form" (included in this packet) and the "Statement of Person in Legal or Actual Charge of a Child" form (included in this packet) must be completed and signed as indicated.

Birth Certificate, Immunization, Physical Examination, and Visual Evaluation Requirements

Nebraska law requires that the parents or legal guardian furnish the following documents to the school:

- a) A certified copy of the student's birth certificate issued by the state in which the child was born, prior to admission of a child for the first time. Other reliable proof of the child's identify and age, accompanied by an affidavit explaining the inability to produce a copy of the birth certificate, may be used in lieu of a birth certificate. An affidavit is defined as a notarized statement by an individual who can verify the reason a copy of the birth certificate cannot be produced.
- b) Evidence of a physical examination by a physician, physician assistant, or an advanced practice registered nurse, within six months prior to the entrance of the child into the beginner grade and the seventh grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a physical examination.
- c) Evidence of a visual evaluation by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, within six months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a visual evaluation. The visual evaluation is to consist of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity.
- d) Evidence of protection against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella, Hepatitis B, Varicella (chicken pox) and Haemophilus Influenzae type b (Hib) and other diseases as required by applicable law, by immunization, prior to enrollment. Exceptions are allowed based on: (1) written statement by health care provider that immunization would be injurious to the student or a family member or (2) affidavit of a religious reason for non-immunization. Provisional enrollment is allowed based on: (1) written statement of health care provider that immunizations have begun, and immunization is continued as rapidly as medically feasible and (2) written statement of parent or guardian that immunizations have been completed, where the child's parent is in the military, the child is enrolling following residence outside the state, and proof of immunization is given within 60 days. Refer to HHS regulations, 173 NAC 3. Forms to submit objections are available from the school.
