SECTION I: General Information

A. Visitors

Parents are welcome to visit district schools at any time. Prospective students and their parents may also arrange for visits through a school building's Principal. Classroom visits by persons other than parents or legal guardians are discouraged to minimize disruptions to the learning environment. All visitors will be requested to report to the principal's office first upon arriving at a school. Each school may have additional procedures and rules concerning visitors.

B. Enrollment/Attendance Eligibility Provisions

1. Students meeting criteria found in state law and Board policy are eligible for enrollment in and attendance at Ashland-Greenwood Middle & High School.
2. Any student transferring in to Ashland-Greenwood Middle or High School from another school district must provide the school with a certified copy of his/her birth certificate and with full immunization records prior to attending classes.
3. Additionally, any transfer student who is transferring in from another state must provide the school with a completed physical examination form prior to attending classes.

C. Part-Time Enrollment

1. Students enrolled at Ashland-Greenwood Middle or High School will maintain that enrollment on a full-time basis unless arrangements for part-time status have been agreed upon by both the school and the family.
2. Medical requirements, dual enrollment status at another educational institution, participation in work experience programs, family needs and beliefs, individualized education plan provisions, and a student's status relative to timely completion of all graduation requirements may be considered when creating a part-time enrollment arrangement.
3. In no instance, will a student's part-time enrollment be allowed if doing so violates Nebraska law regarding compulsory attendance.
4. Students who are residents of the school district and who are also enrolled in a private, denominational, or parochial school or in a school which elects pursuant to section 79-1601

not to meet accreditation or approval requirements (commonly known as home or exempt schools) may also be eligible for part-time enrollment as non-public school students pursuant to provisions found in Board policy and state law.

5. Part-time enrollment of non-public school students will be allowed for the purpose of providing enhanced educational opportunities not otherwise available to the non-public school students.
6. Non-public school students will not be permitted to enroll in essential courses. For non-public school students attending an approved school, essential courses are: language arts, social studies, science, mathematics, vocational education, foreign language, visual and performing arts, and personal health and physical fitness. For non-public school students attending an exempt school, essential courses consist of a sequential program of instruction designed to lead to basic skills in the language arts, mathematics, science, social studies, and health.
7. Non-public school students enrolled on a part-time basis may enroll in no more than two courses during any one semester. A student who is attending an exempt school and who is enrolled on a part-time basis at Ashland-Greenwood Middle or High School will be permitted to enroll in 20 semester credit hours of classes in the event the student has an interest in participating in extracurricular activities.
8. All provisions found in this handbook apply to non-public school students enrolled on a part-time basis during the time they are present on school grounds or at a school-sponsored activity or athletic event.

1. In the event of postponement of school due to inclement weather or other factors, school closing information will be provided to local radio and television outlets. A listing of those will be provided students and parents.

F. Lost and Found

1. All lost and found items should be reported to the principal's office. The school will assist students, to the extent possible, in recovering lost property. Lost or left items that are unclaimed at the end of the school year will be disposed of one week after the last student day.

2. The school assumes no responsibility for the loss of personal property.

G. Media Center

1. Books may be checked out or renewed for two week periods. Reserved items must be used in the media center itself; such items may be checked out overnight after 3:29. Students are responsible for paying for lost or damaged materials.

2. Use of media center workstations will be for school-related purposes only.

3. Media center use privileges will be denied to all students who have failed to return overdue materials, whose conduct while in the library interferes with the study of others, or who do not have a pass to the media center.

H. Attendance

1. Attendance Philosophy

a. The Ashland-Greenwood School District complies with attendance provisions found in state law.

b. Regular attendance at school is the responsibility of the student and the parent. Students are expected to attend classes on a regular basis and be on time to gain maximum benefit from their instructional program and to develop habits of punctuality, self-discipline, and responsibility. Parents of school age children are required by law to see that those children attend school regularly.

c. Daily attendance is important for the following reasons: daily discussions contribute a significant amount of the background essential to any course which cannot be made up if missed and a regular attendance pattern will develop a degree of responsibility on the part of the student that will continue throughout life.

d. Thus regular attendance promotes both academic development and growth as a dependable individual.

2. Parental Verification Procedures

a. Parents are asked to call in their son or daughter's absence to the school office before 10:00 a.m. on each day of absence. An answering machine will take calls from parents whose employment requires them to leave town before school begins. Collect calls are accepted. The school will attempt to contact parents if no call is received and a child is absent. Should no such contact be established on the day of absence, the student must bring a parental note upon his or her return to school.

b. For verification purposes, the school cannot accept a student call or excuse regarding absence. Any absence not verified by a parent will be considered unexcused or unconfirmed. Other absences are those in which the parent has not communicated a reason for the student's absence will be considered unverified, unknown, or unexcused and will be considered Absent (marked AB).

c. A student absence shall be considered excused School Excused (marked as SE) providing attendance procedures have been followed: Attendance at school is impossible or impracticable; barriers outside the control of the student or parent prevent a student from attending school. The parent must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, scheduled school activity or trip, or suspension (SE-OSS or SE-ISS).

d. A student absence shall be considered Not School Excused (marked NSE) and may result in a report to the county attorney under the following circumstances: Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes, but is not limited to, illness, vacations, and medical appointments.

3. **Compulsory Attendance and Truancy:** Legal Reference: Neb. Rev. Stat. ' ' 79-201 and 79-209; Neb. Rev. Stat. ' 79-527 and Ashland-Greenwood Policy 5800

Parents of school age children are required by law to see that those children attend school regularly. Generally, a child is of mandatory attendance age if the child (a) will reach six years of age prior to January 1 of the then-current school year and (b) has not reached eighteen years of age. Children of mandatory attendance age who fails to attend school regularly without lawful reason shall be considered to be in violation of Nebraska truancy statutes. Notice of excessive absenteeism shall be made to the parents/guardians when the student accumulates more than 7 non-school excused absences. Additional corrective action taken by the school may include, but is not limited to: conferences, counseling, evaluation, alternative placement, suspension, and expulsion.

Parents will also be notified and the Saunders County ARRIVE program may be informed when their child accumulates seven non-school excused absences during a semester or year. The Saunders County ARRIVE ATTENDANCE officer will receive notification of all students who accumulate seven more more absences during a semester. If a student continues to be or becomes habitually absent from school, the principal shall serve a written notice to the person violating Neb.Rev.Stat. 79-201, warning the student to comply with the provisions of that statute. A report will be filed with the county attorney of the county in which the student resides for students who accumulate 20 days in a year. Excessive absences due to documented illness that make attendance impossible or impracticable will be considered in handling the students excessive absenteeism. (Policy 5008, 2014)

4. Tardiness

a. Tardiness to school or to any class during the school day or extension thereof will be considered excused if a legitimate reason exists for the tardiness and the affected student has a hall pass stating that reason; all other tardies will be considered unexcused.

b. Tardiness is defined as not being in an assigned room when the starting bell for any given class period rings.

c. Individual teachers will keep tardy records for each student and will implement procedures for dealing with tardiness as part of their classroom management rules.

d. Students arriving more than 20 minutes late to any class will be considered to have been absent from that class rather than merely tardy.

e. Three or more unexcused tardies within any week will be considered excessive and dealt with according to provisions found in Section IV.L.4.J.

5. Attendance Requirements for Extra-Curricular Participation

a. Students wishing to participate in extra-curricular practices or contests must be in attendance all day of the school day in question. This requirement can be waived by the principal if an absence is for an unavoidable, non-illness related reason.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 18 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in Ashland-Greenwood Public Schools or resides in Ashland-Greenwood Public Schools and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- the child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;

- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either: financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or, an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance. At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal (2012-13)

I. Custodial - Non-Custodial Parent Information

1. Unless provided legal documentary evidence to the contrary, the school will assume that parents have joint custody. For purposes of notifying parents about students, the district shall assume that notifying either parent with custodial rights shall be the same as providing notice to both parents unless either parent makes a written request to the contrary. The custodial parent, not the non-custodial parent, has the right to make educational

decisions for affected children unless extraordinary and highly unusual circumstances present themselves or a court order grants such rights in full or in part to the non-custodial parent. If joint custody has been awarded, each parent will have equal rights unless restricted by a court order or other legal document.

2. Unless a court order or other legal document prohibits the following actions and the school has been provided with a copy of the order/document, the non-custodial parent may:

- review his/her child's educational records
- attend regular parent-teacher conferences and may arrange for additional conferences
- visit the school as custodial parents do unless such visits are judged by schools officials as disruptive to the school routine
- request general school information such as district newsletters and lunch menus

3. The school will not release a child to a non-custodial parent or other individual prior to the end of the school day unless the custodial parent has granted permission. If custody has not been decided, a child may be released to either parent unless a court order or other legal document prohibits such release.

4. The district may require an individual to show identification when picking up a child if the individual is unfamiliar to the staff.

5. The school will use the legal surname of each child on all official school records. Use of another surname on official school records will

6. Custodial and non-custodial parents are responsible for providing the school with copies of all relevant court orders and legal documents. The school will not go beyond what is called for by a court order or other legal document.

7. Disagreements between family members are not the responsibility of the school district. The school district will not take the "side" of one family member over another in a disagreement about custody or parental rights. This policy does not prohibit an employee from listening to a student's problems and concerns.

J. Transportation

The Ashland-Greenwood Public Schools provides transportation to the schools. All students who live outside the city limits of Ashland are eligible for transportation. Transportation eligibility is based on where a child lives and not the location of his or her

day care provider. Only students that are eligible for bus service may be transported to and from school on school buses.

K. School Bus Information

Following these procedures will assist us in getting your child to and from school safely.

1. **All Schools - AM Route** Parents shall notify their child's school if your child will not be riding the bus. You may call the offices as early as 7:15 a.m. and the driver will be notified that your child will not be riding that morning. If calling after hours you may leave a voice message at the MS/HS by dialing extension 2000.
2. **Elementary School - PM Route** If your child is in attendance during the day but does not plan to ride the bus home, parents shall notify the Elementary Office by sending a written note or calling the school prior to 2:30 p.m. For your child's safety, it is critical that the school is made aware of changes in daily routines.
3. **Middle School/High School - PM Route** Due to the high participation rate in after school activities, middle school/high school students are not required to notify the school when they are not riding home. The school will not be responsible to see that middle school/high school students get on the bus at the end of the day.
4. **Activity Trip/Transportation-**
 - a. Pupils attending school events requiring transportation must ride on school buses unless other arrangements have been approved in advance by the principal. Requests for such alternative arrangements must come from the parents and must be in writing.
 - b. School buses will return to Ashland immediately after all events unless other arrangements have been approved by the principal and sponsors in advance.

L. Bicycles, Cars, and Other Vehicles

1. Students riding bicycles or driving cars or other vehicles to school are to park those bicycles or vehicles immediately upon arrival at school. Vehicles will remain parked throughout the school day and should be locked, if possible.

2. Bicycles should be placed in the bike racks provided by the middle school entrance.

3. Cars and other vehicles should be parked in either the east or the west parking lots; where indicated, parking lines are to be followed.

4. Parking slots in the south driveway are for visitors only.

M. Closed Campus

1. Ashland-Greenwood Middle/High School operates on a closed campus basis. During the school day (including the lunch period), students are prohibited from leaving the school grounds unless permission to do so has been granted by the principal or his/her designee. In turn, that approval will be granted only after parental contact has been made.
2. Closed campus shall be interpreted to ban students from being in the parking lot during the school day (including the lunch period).
3. Students who have a medically prescribed diet that must be administered/monitored at home may be excused over the lunch period for that purpose if a note from an appropriate physician is provided verifying the relevant medical condition.

N. School Traffic Procedures

Student safety is of utmost importance. All motorists are asked to follow the procedures below when dropping off children at school. Motorists driving in the vicinity of our schools are asked to drive slowly and cautiously, observe the crosswalks, yield to school children, obey speed limits and all traffic laws in and around the school properties.

1. Middle School High School Traffic Flow

Motorists are asked to park in either the east or west parking lots. Students should not use visitor parking. Parents wishing to drop children off for school in the morning are asked to use the driveway on the south side of the school or the west (Middle School) parking lot for that purpose. **Motorists should not drop off students along Furnas Street.** Parents wishing to pick students up from school at the end of the day are asked to park and wait for students in either the east or west parking lot. **The south driveway is closed after school for use by route buses.**

O. Powerschool

Ashland-Greenwood makes use of PowerSchool as its student information system. PowerSchool allows teachers and administrators to track attendance, record grades, manage lunch account transactions, and generate report cards and transcripts. For parents and students, PowerSchool allows for real time review of current grades, attendance, and lunch balances as well as offering an opportunity for email

updates on that information. PowerSchool logins and passwords can be obtained from your building principal's office.

You may now access grade information for all of your child's classes, view attendance history for the current term, request automatic email notifications from the district's PowerSchool server, or check your child's lunch account balance (as well as a daily history of amounts spent). Your child can furnish their log in or you may get one by contacting your child's building office.

P. School Meals (FREE & REDUCED APPLICATION AND INFO IN THE BACK OF THIS BOOK)

Breakfast and Lunch are served daily. Cost for breakfast is \$1.60 for Middle School/High School students. Cost of lunch is \$2.65 for Middle School/High School students. Q. Student Notification System

Ashland-Greenwood Public Schools uses an automated calling system to call households regarding school postponements, school closings, school emergencies and other school related announcements. If you do not want to be called by the automated system notify your child's school.

The school also uses announcements through local television.

R. Notice Concerning Staff Qualifications

The No Child Left Behind Act of 2001 gives parents the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Ashland-Greenwood Public Schools will give parents the following information about their child's classroom teacher:

- (1) Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- (2) Whether the teacher is teaching under an emergency or provisional teaching certificate.
- (3) The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.

We will also, upon request, tell parents whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional.

S. Childfind

The state of Nebraska and federal law guarantees free and appropriate education for all children with special education needs in:

- Speech and Language Impairments
Developmental Delays
- Hearing and Visual Impairment
- Mental Handicaps
- Specific Learning Disabilities Behavior Disorders
- Physical Impairments

School districts are required to provide educational services for resident children with disabilities ages 0-21. Patrons are asked to contact the school if they know of a child needing services and to learn more about the programs at 944-2128.

T. Asbestos Notice

Federal regulations require all schools to inventory asbestos containing materials and develop management plans to identify and control asbestos containing materials in their buildings

The presence of asbestos in a building does not mean that the health of building occupants is necessarily endangered. As long as asbestos containing materials remains in good condition and is not disturbed, exposure is unlikely. The plan is available for review in the school administrative office during normal business hours.

At least once each six months, periodic surveillance is being conducted on all asbestos containing material and suspect material assumed to contain asbestos. A reinspection is being conducted every three years in all schools that have asbestos containing material. From time to time operations and maintenance activities may be conducted to maintain all material in good condition. For more information please contact: Dr. Zachary Kassebaum, Designated Person, 1225 Clay St, Ashland, NE 68003, (402) 944-2128.

SECTION II
ASHLAND-GREENWOOD PUBLIC SCHOOL STUDENT FEE POLICY

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children that extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services.

The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

This provides specifics of student fees and materials required of students for the upcoming school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

1. Guidelines for non-specialized attire required for specified courses and activities

Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping,

cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

2. Personal or consumable items and miscellaneous items

Extra-Curricular Activities

Students have the responsibility to furnish any personal or consumable items for participation in the extra-activities provided by the District.

Courses

(i) **General Course Materials**

Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring minor personal or consumable items including, but not limited to, pencils, paper, pens, erasers, protractors, math calculators and notebooks. A student supply list shall be established annually for each grade, course and activity and shall be distributed to students and parents annually as a part of the student handbook or as an addendum to the student handbook. Such supply list shall be approved as part of the review of this policy and shall be considered a part of this policy. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) **Damage**

In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District.

The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not

required to provide for the use of any particular type of equipment or attire. Students may furnish their own specialized equipment and/or attire rather than that which is provided by the district provided that equipment and/or attire meets standards established by the district and has the approval of the coach, leader, conductor or sponsor.

Students have the responsibility to furnish personal or consumable equipment or attire for participation in extra curricular activities or for paying a reasonable usage cost for such equipment or attire. For music courses that are extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

4. Extracurricular Activities-Fees for Participation

The District charges a fee established annually for participation in extra-curricular activities except those activities which are a required part of a curricular class that leads to earning credit towards graduation or grade promotion. Such fee schedule shall be established annually by the Board of Education, shall be published in the student handbook and such fee schedule shall be considered to be a part of this policy. Any fee for participation in extra-curricular activities collected shall be used for the purpose for which it is collected and shall be kept separate and apart from all other funds in a student fee fund. The Board of Education shall establish annually as a part of the fee schedule the purpose of the fee and approve all disbursement of monies from such fund. Fees collected under the fee schedule shall permit the student to take part in school activities as a participant or as a spectator. Admission fees for extracurricular activities and events may be charged by the district at a rate established by the board of education as a part of the student fee schedule.

7. Copies of student files or records

The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or students who request copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations. The district shall also provide duplicates of records for other school districts or post-secondary institutions a student plans to attend at no charge.

under policy 6153.1. Overnight and long distance travel may take place if it meets the criteria of district policies for such travel and provided that the expenses for such travel are borne by the district either through tax supported funds or through student activity funds.

All group travel shall include the entire group or a select portion of the group with a selection process that is not discriminatory based on the district's discrimination policy. The ability of a student to pay shall not be a criteria for participation in school sponsored travel.

Nothing precludes an individual or staff member to travel on his or her own without school sponsorship. Nothing precludes staff from traveling with or without students at their own expense and without being compensated to travel by the district.

Uniforms

The District will generally furnish students with specialized equipment except as stipulated within Policy 5500 and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire.

Uniforms that are specially fitted to a particular student and that cannot be reused for others shall become the property of that student. Funds for these types of uniforms shall be paid for by the student or through fundraising by the group or organization. The district shall pay for any specially fitted uniform for a free and reduced lunch student but reserves the right to retain ownership of the uniform upon completion of the activity.

For music courses that are extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

The provision of uniforms and equipment may be limited by the district and in no case shall the funds exceed the available funds on hand unless a reasonable plan has been established to remove any deficit spending.

Organizational and Class Dues

The district shall not charge students dues or fees to participate in a school organization, class, squad, team, club or non-optional school activities except that which is established as a part of the fee schedule.

SECTION III
Instructional Program

A. Minimum Performance Standards and Student Success

1. All students are expected to meet minimum performance standards in all classes.
2. Students who fail to meet those minimum standards on an initial effort will be provided opportunities to repeat the effort in a timely manner until minimum standards are met, with such work being done under the supervision of the affected teacher.
3. Such remediation work may take the form of re-doing an assignment or test in its entirety, correcting errors from an original assignment, or such other learning activities as are deemed appropriate by instructional staff.
4. Remediation efforts must be completed within one week of the original effort's return to the student.
5. Following successful completion of the assigned remediation work within the time frame allowed, students will be considered to have earned at least the minimum passing mark for the affected assignment or test.

2. Grades will represent student achievement and may be based on any or all of the following: tests, quizzes, projects, daily assignments, class participation.

C. Academic Integrity

1. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades

which accurately reflect a student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values. Cheating, plagiarism, and contributing to cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

2. Cheating includes but is not limited to:

- a. Tests—making use of or providing advance information, use of unauthorized materials, use of other student answers, use of other student to take a test (including take home tests), and misrepresenting the need to delay a test.

- b. Papers/Other Assignments—use of another's paper/assignment, re-use of one's own paper/assignment, assistance from others, failure to contribute to group projects, misrepresenting the need to delay paper/assignment.

- c. Alteration of Assigned Grades—such alteration, whether in a teacher's grade book or school records is a serious form of cheating.

3. Plagiarism includes but is not limited to:

- a. Failure to Credit Sources—work created by another must be either paraphrased and credited or placed in quotations and credited.

- b. Falsely Presenting Work as One's Own—work turned in must be the original creation of the student and not purchased from or provided by someone else.

4. Contributing to Cheating and Plagiarism includes but is not limited to:

- a. Allowing another student to look at one's test answers.

- b. Allowing another student to copy one's papers or projects.

- c. Providing another student with completed assignments or projects.

5. Academic sanctions for academic integrity violations will include:

- a. Affected students will receive a grade of zero for the work in question.

- b. Affected students will be required to complete an alternate assignment within a time frame and under conditions determined by the classroom teacher.

c. Affected students will receive grades of Incomplete, with no credits awarded, until such time as the alternate assignment is completed to the instructor's satisfaction. Following successful completion of the assigned remediation work/alternate assignment within the time frame allowed, students will be considered to have earned at least the minimum passing mark for the affected assignment or test (2012-13)

d. Parents/guardians will be notified of all academic integrity violations.

6. Because academic integrity offenses are a violation of school rules, the principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration when a student has engaged in a serious or repeated academic integrity offenses or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

D. Make-Up Work

1. Students who are absent and excused for that absence will have the number of days missed plus one in which to complete make-up work (i.e. a student absent one day will have two days to complete such work, a student absent two days will have three days to complete such work, etc.).

E. Make-Up Work in Cases of Exclusion, Suspension, Expulsion, or Mandatory Reassignment

1. Students excluded from school under communicable disease provisions of this handbook will be allowed to make-up all work in accord with regular make-up work provisions.

2. Students suspended from school will not be counted absent for the days suspended and will be allowed to complete all make-up work as part of their assignment to the evening school program. Students not attending assigned evening school program sessions will be counted absent for the days in question and will receive no credit for affected make-up work.

3. Students expelled from school shall be dis-enrolled for the expulsion period. Non-enrolled students may not earn grades or credits for any work completed in the regular education program prior to expulsion but are eligible for

such under alternative education program options which will be made available to the expelled students.

4. Transfer grades and credits for students mandatorily reassigned or returning from mandatory reassignment will be handled in the same fashion as all other transfers.

F. Loan of Materials to Home School Students

1. Textbooks and other nonconsumable school supplies may be loaned to home school students at the discretion of the administration.

2. Home school students borrowing said items are responsible for any damage or loss occurring to school property.

I. Promotion/Retention

1. At the high school level, promotion/retention decisions are, for the most part, irrelevant as graduation requirements govern when a student is said to have completed high school.

2. Inadequate progress toward graduation may, as indicated elsewhere in this handbook, affect a student's ability to participate in extracurricular activities or to be eligible for various honors, awards, or positions within the school.

3. Judgments about promotion from grade to grade or retention of a student at a grade in the Ashland-Greenwood Middle School are the prerogative of the professional employees of the district. It is the intent of the Board that decisions about promotion and retention should be based on pupil progress, including completion of the prescribed curriculum. In all decisions

about promotion or retention, the welfare and development of the pupil shall be the paramount concern of professional employees.

4. Middle School Students who fail 3 or more classes or who miss 10 days in any one semester will be reviewed by an interdisciplinary team designated by the building principal. This team will be made up of the principal, a counselor, and at least one classroom teacher. That team will make a recommendation as to whether the child should be promoted or retained.

5. Parents of Middle School students will be involved in any decisions that are made regarding promotion or retention, and they will have the right to a review of decisions made about promotion or retention of the pupil in accordance with Board policy.

J. Reporting of Academic Progress

1. Report cards detailing grades earned will be issued every nine weeks.
2. All teachers will provide notice to parents of students who are not participating in remedial work necessary to meet minimum performance standards.
3. Parents and students are encouraged to contact classroom teachers regarding academic progress as those concerns arise.

K. REACH Program

1. The REACH Program provides a framework for identifying and meeting the needs of high ability students. Data is collected from classroom performance, teacher recommendation, and testing performance. 2. Students who qualify for the REACH program are provided opportunities for a differentiated curriculum within the classroom setting and expanded learning opportunities outside the classroom which may include invitations to higher level math courses or college level courses. Any student with a core subject GPA of 3.51-4.00 will be included on the First Honors honor roll.

M. Required Classes/Class Load

1. In light of the fact that the content of some courses is of such an essential nature or is a necessary prerequisite for further study, certain classes offered by Ashland-Greenwood High School will be designated as required. Failing those classes will require the affected student to re-take the class in question. Details on which classes fall into the required category are included in the registration packets distributed in the spring.
2. Additionally, all students must carry a minimum load of seven classes; this means that students may register for no more than one study hall.

N. Dropping and Adding Classes

1. During the first week of each semester or in the time frame advertised and posted by the Principal, students may request schedule changes providing that those requests are in accord with all other academic provisions.
2. Schedule changes after the period designated for that purpose will not be allowed except in cases involving work release, mandatory reassignment, or students with a full load (i.e. eight classes) in need of a study hall. If there is a request from a student or parent/guardian to make a class change after the designated period, this change will require a meeting with the student, parent-guardian, and the teacher of the class that is requested to be dropped and either the Guidance Counselor or the Principal. The student will remain in the class until such meeting is held and an agreement reached. In the event an agreement cannot be

reached, the Principal will make a determination of the child's enrollment in the class (2012-13).

3. Classes dropped after the period designated for schedule changes will be subject to the following procedures regarding grades awarded, credits applied, and effect on GPA:

- a. classes dropped during the first or third quarter will not be reflected on final transcripts or included in GPA calculations
- b. classes dropped during the second or fourth quarter will result in semester grades of "F"; such grades will earn no credits and will be included in GPA calculations.

O. Study Hall

1. Students are allowed study halls on the assumption that such time is necessary in order to complete required work.

2. To that end, students are expected to bring materials and books to study hall and to engage in quiet study. Card or other game playing in study hall is prohibited.

P. Grade Point Average

1. Grade point average (GPA) for all students will be calculated each semester on a cumulative basis. GPA is determined according to the following formula:

$$\text{GPA} = (\text{GPA Points} \times \text{Credits Earned}) / \text{Credits Attempted}$$

2. GPAs will be calculated for all courses taken by a student (Full GPA) and for only those courses taken in the subject fields of language arts, mathematics, science, and social studies which count toward meeting graduation requirements for those subject fields (Core GPA).

3. GPA calculations are used by Ashland-Greenwood High School to determine eligibility for inclusion on the honor roll, to determine eligibility for membership in National Honor Society, and to determine class rank.

4. Students enrolled in College courses will receive a +1 GPA (see Section III, Instructional Program, Item B.3)

Q. Class Rank

1. High School Students within each grade level will be ranked academically at the conclusion of each semester.

2. Class rankings shall be based on cumulative Core GPAs.

S. High School Graduation Requirements

The following shall be the requirements for graduation for all students unless the student has an established Individualized Education Plan (IEP) in compliance with the Individual with Disabilities Education Act and that IEP identifies an alternate graduation plan. Transfer students may be given credit for coursework taken at other schools, at the discretion of the building principal, provided the institution at which the coursework was taken is accredited or approved by a state accrediting agency or the Department of Defense.

2. In general, approval for such part-time enrollment will be determined following an administrative review of such factors as disciplinary problems, class size, possible disruption to school routine (including attempted enrollment in non-consecutive classes), and such other factors as may be deemed relevant. Ashland-Greenwood High School will not be responsible for any costs associated with a student's decision to opt for dual enrollment.
3. Students may apply up to 15 credits from correspondence courses toward meeting graduation requirements (additional courses will be shown on the student transcript but will not be awarded high school credit). Such courses must be approved in advance by the principal and must be offered by an accredited program or

institution if credit is to be allowed. The cost for such courses will be the responsibility of the student and his/her parents.

U. Early Graduation

A student who has completed all graduation requirements by the end of the first semester of he/her senior year may exercise the early graduation option. Application forms for early graduation are available from the guidance counselor. Completion of those forms will require the approval/signature of the student, his/her parents/guardian, Guidance Counselor, Principal, and Superintendent.

1. In order for a student to qualify and be approved for early graduation the student must have an Individualized Education Plan in accordance with IDEA that provides for an early graduation, or must demonstrate one of the following conditions and the condition must interfere with the students ability to continue to attend school:
 2. A personal hardship including but not limited to an illness or the responsibility for the care of a dependent;
 3. A financial hardship or need and a method to address the financial hardship through employment;

Ashland-Greenwood High School. If a student's disability prevents him or her from completing the required course of study the student may be awarded a diploma if he/she has completed his/her IEP/Transition goals or has completed the school year in which he/she reaches age 21.

2. The graduation ceremony is a privilege. The ceremony and the issuance of a diploma afforded students who have completed all requirements for a high school diploma and who have accounted for all obligations they may have to the school. The school has the right to deny any student the privilege of participation in the graduation ceremony.

3. A student may also participate in the graduation ceremony, without having earned a diploma, if the student has a disability that prevents him/her from meeting the required course of study provided that the student is participating in the ceremony with his/her peer class AND/OR the participation in the ceremony without the diploma was planned for as a part of the IEP/Transition Plan and it is determined that it would benefit the student with the disability to participate in the ceremony.

If two or more students are ranked first in their class, they will be designated Co-Valedictorians and no designation of Salutatorian will occur. If two or more students are ranked second in their class, they will be designated Co-Salutatorians.

SECTION IV
EXPECTATIONS, RIGHTS & RESPONSIBILITIES OF STUDENTS
PHILOSOPHY: “DEMONSTRATE RESPECT”

Establishment of Policies, Rules and Regulations

The Board of Education may establish written policies, rules and regulations of general application governing student conduct in all schools. In addition, principals, within their school, may establish certain written rules and regulations not inconsistent with those established by the Board.

A. General Standards and Philosophy on Student Conduct

An effective learning climate can exist only when all involved in the school setting--parents, students, and staff--act as responsible individuals. For students, this means **demonstrating ongoing respect for the rights and property of other students, school employees, and the building itself.** Students must understand that all school employees have the authority and duty to supervise and discipline at all times during the school day or at school activities.

Student conduct that disrupts the learning environment, interferes with any school function, activity or purpose or infringes on the rights of others demonstrates a lack of responsibility on the part of the acting student and cannot be justified as an exercise of student rights or privileges. In such situations, the school will take appropriate disciplinary action. The primary purpose of the disciplinary action will be the correction of the unacceptable behavior, the encouragement of wise decision-making by students, and the preservation of the learning environment.

The Board of Education of Ashland-Greenwood Public Schools believes it is important to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Inappropriate behaviors, including but not limited to, dating violence, will not be tolerated and must be avoided by all students (policy 5142.6).

Rules governing student conduct set forth in this book, and any sanctions arising from violation of those rules, are applicable to student behavior occurring in the following settings:

- on school grounds, including before, during, and after the school day
- when participating in or attending home or away school activities and events
- riding in school vehicles
- off school grounds when the disruptive behavior impacts the school environment.

B. Student Responsibilities

Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors. (ref. policy 5114, item B, 2014). To establish a school environment that promotes the learning and well being of all students and to meet the general standard of conduct discussed above, students will need to demonstrate the following responsibilities and conduct:

1. Apply themselves to the best of their ability to the learning task assigned
2. Attend school regularly and punctually
3. Behave in a manner that will enhance the learning environment for all students
4. Use school facilities and equipment in ways they were meant to be safely used and which will conserve their continued usefulness
5. Abide by school regulations and to assist in their enforcement and development.
6. Interact with fellow students and all school employees in a respectful manner.
7. Demonstrate good sportsmanship and citizenship and interact in a safe, fair manner with others
8. Refrain from bringing pop, candy and gum to school except for special activities organized by the teacher.

9. Comply with all rules described within this handbook and developed within the classroom and school.

C. Student Rights

Students enrolled at the Ashland-Greenwood Public Schools are entitled to the rights listed below:

1. To receive competent instruction in a relevant curriculum
2. To attend a school which is clean, comfortable, safe, and reasonably equipped for the learning task.

3. If no satisfaction is obtained at the initial level, appeals may be directed toward successive levels of authority, including courts and civil authorities.

E. Jurisdictional Statement

1. Policies regarding student behavior are in effect: while students are on school grounds, school district property, or on property within the jurisdiction of the school district; while on school-owned and/or school-operated transportation; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district.

F. Telephones, Cellular Phones, and Personal Electronic Communications and/or Entertainment Devices

Philosophy and Purpose. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices. (2014-15)

1. Student use of school telephones will be limited to cases of extreme importance (i.e. contacting parents).
2. In order to minimize disruption to the school routine, students will be called to the telephone only for calls from parents or close relatives. Messages will be taken and delivered for all other calls.
3. The use or display of personal cell phones is prohibited during the regular school day (8:15-3:29) except during passing periods or assigned lunch times unless specifically authorized by a classroom teacher or school administrator; use or display of personal cell phones is prohibited at all times in locker rooms. The first violation of this prohibition will result in the device in question being confiscated and returned at the end of the school day. A second violation will result in confiscation and return of the device only to a parent or guardian. Subsequent violations will be deemed nuisance behaviors worthy of an office referral.
4. Knowingly or willfully receiving, possessing, or sending pornographic material in printed or electronic form in school, on school grounds, or on school owned equipment or network services is prohibited. For definitions of 'pornographic,' please refer to Board Policy 5114. (2014-15)

G. Use of Image, Video, and Audio Recording Devices

1. The use of any image, video, and/or audio recording device is prohibited during the school day or while participating in school activities (including transportation associated with such activities) unless specifically authorized by a classroom teacher or school administrator.

The Ashland-Greenwood Public Schools has no control over, and accepts no responsibility for recording of other persons (photographs, videotaping, sound recording, etc.) captured at school activities or events that are open to the public by students, parents, or third parties on personally owned electronic devices, including but not limited to the posting of such images on social media. (2013-14)

H. Drug and Alcohol Policy (5114)

The Ashland-Greenwood Public Schools recognize that the manufacture, use, possession, distribution, or being under the influence of a controlled substance, illicit drugs, or alcohol, illegally or improperly, constitutes a hazard to the interference with school purposes.

1. The Ashland-Greenwood Public Schools are determined to provide alcohol-free and drug-free schools
2. Students are prohibited from the unlawful or improper manufacture, possession, use, distribution, or being under the influence of a controlled substance, illicit drugs, look-alike drugs or alcohol, or be in possession of drug paraphernalia.
3. The use of tobacco products is prohibited in all school buildings and all school vehicles. Smoking shall also be prohibited in any area where school staff, students or members of the public may be present or may be affected by smoke, including without limitation the stands and bleachers of outdoor athletic fields and near the entry of school buildings. For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. (Policy 5114, 2014-15)
4. Students are advised that use of any controlled substance, illicit drugs, look-alike drugs and the unlawful possession of and use of alcohol is wrong and harmful.
5. Disciplinary sanctions up to and including expulsion from school or suspension from extracurricular activities and referral for prosecution will be imposed upon students

who violate the aforementioned standards of conduct. Sanctions for violation thereof may include the requirement that the student complete an appropriate rehabilitation program, counseling, any range of other disciplinary action, including, but not limited to, suspension or expulsion from school and/or extracurricular activities.

6. Age appropriate, developmentally based drug and alcohol education and prevention programs (which address the legal, social, and health consequences of drug and alcohol use and which provide information about effective techniques for resisting peer pressure to use illicit drugs and alcohol) for all students in all grades from early childhood level through grade twelve shall be developed. Parents objecting to the inclusion of their children in such education and prevention programs may have those children exempted from inclusion by providing the Principal with a written request for such exemption.

I. Search, Seizure, and Questioning of Students (Board Policy 5415.11 & 1411)

If a student is suspected of being in violation of school regulations or civil laws, his/her own personal belongings may be searched. Such search will be conducted by the principal, or his/her designee, in the presence of another adult witness. If the search is conducted by other than school personnel, an attempt will be made to contact the parent before such search is conducted. Parents or guardians will be notified if any illegal property is seized as a result of any search.

Law enforcement officers shall only be allowed to question students with parent or guardian permission unless: (1) a crime has been or is suspected to have been committed on school premises, or (2) an officer is in the building in the active pursuit of active criminal behavior, or (3) a student is being questioned as part of an investigation in which the child's parent(s), legal guardian or other adult serving in loco parenti may have committed a crime of child abuse or child neglect against the child.

J. Lockers and Property

Lockers are provided for all students for books, materials, coats and other personal materials.

Students are responsible for all equipment assigned to them while at school, to include laptop computers, books, lockers, desks, or any other materials. They are also responsible for the safeguarding of any valuables they bring to school. Students are not allowed to carry backpacks, bags, or purses to classrooms other than a the school issued laptop protection bag (2012-13). Students will be fined for any damages done to school property assigned to them.

Although assigned to students for their temporary use, school lockers and school desks must be considered school property. For purposes of sanitation, fire, safety, and because they are frequently shared and reassigned among students, principals are charged with the specific responsibility for periodic inspection to assure that school facilities and equipment are being properly used. School officials will not remove a student's personal belongings as long as the locker or desk is being used properly. Items that are unlawful, violations of school rules, have potential for great harm to other students, or which may cause disruption of the school environment will be automatically removed when discovered by the principal.

Harassment is a violation of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district shall report students violating this rule to law enforcement officials. This policy is in effect while students are on school grounds, school district property, or on property within the jurisdiction of the school district; while on school-owned and/or school-operated transportation; while attending or engaged in

school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district.

Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school-sponsored activities or school-sponsored athletic events. Bullying exists when there is a real or perceived imbalance of power between the parties involved. (Reference Policy 5415, updated 2015-2016)

N. Student Appearance, Dress, and Grooming (Policy 5114, updated 2014-15)

Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.

- a. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
- b. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
- c. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).
- d. Head wear including hats, caps, bandannas, and scarves.
- e. Clothing, jewelry, or piercings which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar language.
- f. Clothing, accessories or jewelry that is gang related.

- g. Shoes or protective foot covering must be worn while in school. A shoe is something that is worn on the feet, protects the foot because it has a 'sole' and 'covering' of some type. There may be instances where specialized shoes are needed for maximum safety and protection of the student (Athletics, Physical Education or Shop type classes or activities). (2015-16)

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or school administration. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

Dress code violations will be dealt with by staff members in the following manner as nuisance behaviors are routinely handled:

1. The student will be addressed directly about their dress code/grooming violation by the staff member when the violation occurs.
2. The staff member will log the incident in the appropriate manner into powerschool.
3. The student may be allowed to call home for proper apparel. Students will NOT be allowed to leave campus to go home for proper apparel. If proper apparel cannot be secured, an in-school suspension to finish the day could result.
4. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion. (2013-14)

O. Hazing

1. No hazing activities of any sort (i.e. freshmen initiation, unnecessary harassment of underclassmen, etc.) shall be conducted by any student involved in extracurricular activities

either as part of the school day (including practice time) or outside of the school day.

2. Indoctrination activities specifically designed to foster team/organization unity (i.e. NHS induction, FFA Greenhand Day) will be allowed if approved in advance by the coach/sponsor and the principal and if supervised by the coach/sponsor.

3. The minimum penalty for violation of this policy will be suspension from competition for two weeks; longer suspension periods, removal from the team, or loss of lettering privileges will occur should circumstances surrounding any given incident so warrant.

Affected participants will be required to attend all practice sessions during the suspension period.

4. Should violation of this policy occur at the end of or after any given activity season (thereby making the specified disciplinary action meaningless), other sanctions will be imposed. Those sanctions may include, but are not limited to, loss of a varsity letter for the affected activity or carryover of the suspension period to the next activity season.

5. Extracurricular due process provisions will be applicable to implementation of this policy.

P. Notification of Disciplinary Action Taken

1. A reasonable effort will be made to provide written notice of disciplinary action to the affected student and/or his/her parents.

Q. 6th Grade: Discipline Procedures

6th Grade classrooms implement a discipline credit/rewards based system as a team. Students that are referred to the office will then have the regular handbook procedures applied. The Principal or Assistant Principal reserve the right to apply alternative disciplinary measures that better fit the development level of the 6th grade student if necessary (2012-13).

**SECTION IV CONTINUED: PARENTAL RIGHTS, STUDENT EXCLUSION, SUSPENSION,
EXPULSION, AND MANDATORY REASSIGNMENT**

Basis in State Law and Board Policy

The definitions and procedures that follow comply with Nebraska State Statutes and School Board Policies. The term "Principal" as used in this section shall include the principal and any of his or her designees as referenced in state law. Reference 79-263, 79-262.

Emergency Exclusion

Situations that may warrant an emergency exclusion include:

- 1) Students with communicable diseases which are transmittable through normal school contacts and which pose a threat to the health or safety of the school community may be excluded from school or school functions.
- 2) Students exempt from immunization by medical reason or religious beliefs shall be excluded from school during an outbreak of communicable disease.
- 3) Emergency exclusions shall be based on factual situations warranting the action taken and shall last no longer than necessary to avoid the dangers discussed above.

Short-Term Suspension

Students may be excluded by the principal or designee from school or any school function for a period of up to five (5) school days (short-term suspension) on the following grounds:

- 1) Conduct constituting grounds for expulsion as hereinafter set forth; or
- 2) Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspension:

- 1) The principal or designee shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall

be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.

- 2) Prior to commencement of the short-term suspension, the student shall be given oral or written notice of the charges against the student. The student shall be advised of what the student is accused of having done, and the basis of the accusation, and an explanation of the evidence the authorities have.
- 3) The student shall be afforded an opportunity to explain the student's version of the facts to the administrator or designee making the short-term suspension decision.
- 4) Within twenty-four (24) hours or such additional time as is reasonably necessary following the suspension, the principal or administrator shall send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity shall be afforded to the student, and the student's parent or guardian, to have a conference with regard to the matter with the principal or designee before or at the time the student returns to school. The principal or administrator shall determine who in addition to the parent or guardian shall attend the conference.
- 5) A student who on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.

Long-Term Suspension

Students may be excluded by the principal or designee from school or any school function for a period of six (6) school days but less than twenty (20) school days (long-term suspension) for conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

Expulsion

REFERENCE POLICY (5114, 2014-15)

Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.

Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for

review before the beginning of the school year in accordance with law.

Alternative Education: Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.

Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.

Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in

a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment

The following types of student conduct shall constitute grounds for short-term suspension, long-term suspension, and expulsion or mandatory reassignment, when such activity occurs on school grounds or during an educational function or event off school grounds, or in a school owned or utilized vehicle being used for school purposes or at a school sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication

that reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.

3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and

includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant. (policy 5114, 2014-15).

8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
15. The Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the student's health and safety or a danger to the health and safety of others or repeated violations

of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.

16. Willfully violating the behavioral expectations for riding school buses or vehicles.

In addition a student may be suspended (short-term or long-term), expelled, or mandatorily reassigned for sexual assault or attempted sexual assault of any person regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction. For purposes of this provision sexual assault means sexual assault in the first or second degree or a sexual assault of a child in the first, second or third degree, as such crimes are defined in the statutes referenced in section 79-267(9).

A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

- (1) the knowing and and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or

(2) the knowing and intentional possession, use, or transmission of a firearm or other dangerous weapon other than a firearm, or

(3) Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing, or

(4) Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

A. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.

B. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.

C. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.

D. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

In addition, if the student is determined to have brought a firearm to school, the student shall be expelled from school for a period of not less than one (1) calendar year. The Superintendent may modify such one (1) year expulsion requirement on a case-by-case basis.

Procedures for Long-Term Suspension, Expulsion or Mandatory Reassignment

The following procedures shall be followed with regard to any long-term suspension, expulsion or mandatory reassignment.

- a. The principal shall provide a written summary of the alleged violation and the evidence supporting the alleged violation to the superintendent or his or her designee.
- b. If the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers, and a notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent or designee, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of findings and a recommendation of the action to be taken to the superintendent.
- c. The principal or designee shall serve by registered or certified mail or by personal service the student and the student's parents or guardian with a written notice within two (2) school days of the date of the decision to recommend long-term suspension or expulsion. Said notice shall include the following:
 - (1) The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension or expulsion including a summary of the evidence to be presented against the student as submitted by the principal or designee.

- (2) The penalties to which the student may be subjected and the penalty which the principal or designee has recommended.
 - (3) A statement explaining the student's right to a hearing.
 - (4) A description of the hearing procedures provided by these policies along with procedures for appealing any decision rendered at the hearing.
 - (5) A statement that the administrative representative, legal counsel for school, the student, the student's parents, or the student's representative or guardian shall have the right to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct, and the right to know the identity of the witnesses to appear at the hearing and the substance of their testimony.
 - (6) A form to request or waive a hearing to be signed by such parties and delivered to the principal or designee in person or by registered or certified mail.
- d. Nothing in this policy shall preclude the student, student's parents, guardian or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.
 - e. In the event that the principal has not received a request for hearing within five (5) school days following receipt of the written notice, the punishment recommended in the charge by the principal or designee shall automatically go into effect.
 - f. If a hearing is requested more than five (5) school days following the actual receipt of the written notice, but not more than thirty (30) calendar days after actual receipt, the student shall be entitled to a hearing but the punishment imposed may continue in effect pending final determination.
 - g. If a request for hearing is not received within thirty (30) calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.
 - h. In the event that a hearing is required to be provided, the superintendent shall appoint a hearing officer.

Framework for the Hearing Process

Hearing Officer. The hearing officer shall be any person designated by the superintendent. The hearing officer shall be an individual who has had no involvement in the charge, will not be a witness at the hearing and who has not brought the charges against the student. It shall be the duty of the hearing officer to remain impartial throughout all deliberations. The hearing officer shall be available prior to any hearing held pursuant to this policy to answer any questions the administrative representative, the student, the student's parents, or guardian, may have regarding the nature and conduct of the hearing.

Administrative Representative. The principal may appoint an administrative representative to present the facts and evidence. Such administrative representative may be an attorney or may be represented by an attorney, but any such attorney shall not advise the hearing officer or parties who may review the proceedings as their counsel.

Notice of Hearing. If a hearing is requested within five (5) school days of receipt of the notice, the hearing officer shall, within two (2) school days after being appointed, give written notice to the administrative representative, and the student and the student's parents or guardian of the time and place for the hearing. The hearing shall be scheduled within a period of five (5) school days after it is requested. No hearing shall be held upon less than two (2) school days' actual notice to the administrative representative, and the student, the student's parents, or guardian, except with the consent of all of the parties.

Continuance. Upon written request of the student or the student's parents or guardian, the hearing officer shall have the discretionary authority to continue from time to time the hearing. In addition, the hearing officer may continue the hearing upon any good cause.

Access to Records. The administrative representative, the student, the student's parent or guardian and the legal counsel of the student shall have the right to examine the records and affidavits and the statements of any witnesses in the possession of the schools at any reasonable time prior to the hearing.

Hearing Procedure. The hearing shall be attended by the hearing officer, the student, the student's parents, or guardian, the student's representative if any, and the administrative representative. Witnesses shall be present only when they are giving information at the hearing or with the consent of both parties. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative shall present to the hearing officer statements, in affidavit or other reliable form, of persons having information about the student's conduct and the student's records. Such statements and records are to be made available to the student, the student's parents, guardian or representative prior to the hearing. The information contained in such records shall be explained and interpreted prior to or at the hearing to the student, parents or guardian, or representative at their request, by appropriate school personnel. The student, the student's parents, guardian, or representative, the administrative representative or the hearing officer may ask witnesses to testify at the hearing. Such testimony shall be under oath and the hearing officer shall be authorized to administer the oath. The hearing officer shall make a reasonable effort to assist the student or the student's parent, guardian, or representative in obtaining the attendance of witnesses. The student, parent, guardian, or representative, administrative representative, or the hearing officer shall have the right to question witnesses giving information at the hearing. The student may testify in the student's own defense in which case the student shall be subject to cross-examination. The student may choose not to testify and, in such case, will not be threatened with punishment or later be punished for refusal to testify. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case.

A single hearing may be conducted for more than one (1) student if in the discretion of the hearing

examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interests will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students.

Record. The proceedings of the hearing shall be recorded at the expense of the school district.

Findings. Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare and submit to the superintendent written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended. Such recommendation may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.

Review by Superintendent. The superintendent shall review the findings and recommendations of the hearing officer and may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. The superintendent may not impose a more severe sanction than that imposed by the hearing officer.

Notice of Determination. Written notice of the findings and recommendations of the hearing officer and the determination of the superintendent shall be made by certified registered mail or by personal delivery to the student, the student's parents or guardian. Upon receipt of such written notice, the determination of the superintendent shall take immediate effect.

Appeal to Board. The student, student's parents or guardian may, within seven (7) school days following the receipt of the superintendent's decision, submit to the superintendent of schools a written request for a hearing before the Board of Education.

Review by Board of Education. Upon receipt of the request for review of the superintendent's

determination, the Board of Education or a committee of not less than three (3) members shall, within ten (10) school days, hold a hearing on the matter. Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education or committee thereof may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The Board may alter the superintendent's disposition of the case if it finds the superintendent's decision to be too severe, but it may not impose a more severe sanction. The designated method of giving public notice of the hearing, if required, shall be by posting on the schoolhouse door or on the door to the hearing room.

The final decision of the board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

DISCIPLINARY REMOVAL OF STUDENTS WITH DISABILITIES

For the purpose of removals of a child with a disability from the child's current educational placement a change of placement occurs if:

1. Change of placement for disciplinary removals

For the purposes of removals of a child with a disability from the child's current education placement a change of placement occurs if:

- a. the removal is for more than 10 consecutive school days; or
- b. the child is subjected to a series of removals that constitute a pattern because they cumulate to more than 10 school days in a school year, and because of factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another.

2. Authority of School Personnel

Removal Under Same Conditions as Students without Disabilities

The Principal or his or her designee may consider any unique circumstances on a case by case basis when determining whether to order the change in placement for a child with a disability who violates a code of student conduct. The Principal or his or her designee may remove a child with a disability who violates a code of student conduct from their current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 school days (to the extent such alternatives are applied to children without disabilities). If the student is suspended for a period of 5 days or less the procedures for short-term suspensions shall apply. For suspensions of 6-10 school days, the process for long-term suspensions shall be followed.

If school personnel seek to order a change in placement that would exceed 10 school days and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability, the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner and for the same duration in which the procedures would be applied to children without disabilities, although it may be provided in an interim alternative educational setting.

Continuation of Services During Unilateral Removals

A child with a disability who is removed from the child's current placement under the Weapons, Drugs and Serious Bodily Injury Exceptions section (irrespective of whether the behavior is determined to be a manifestation of the child's disability) or a period not to exceed 10 days shall:

- a. continue to receive educational services, as provided in 92 NAC (Nebraska Administrative Code) 51 004.01, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to receive those services and modifications, including those described in the child's current IEP, that will enable the child to progress toward meeting the goals set out in the child's IEP; and
 - b. receive, as appropriate, a functional behavior assessment, behavior intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
- b. in the situation whether a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
 - c. except as provided in Weapons, Drugs and Serious Bodily Injury section of this handbook, return the child to the placement from which the child was removed, unless the parent and the school district agree to a change of placement as part of the modification of the behavioral intervention plan.

Manifestation Determination

Any decision to remove a child with a disability that rises to a level of a change the placement as defined in this section because of a violation of a code of student conduct, the school, the parent, and relevant members of the IEP Team (as determined by the parent and the school district) shall review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

- a. if the conduct in question was caused by or had a direct and substantial relationship to, the child's disability; or
- b. if the conduct in question was the direct result of the school district's failure to implement the IEP.

If the school district, the parent, and relevant members of the IEP Team determine that either of these conditions is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the school district, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team shall:

- a. conduct a functional behavioral assessment, and implement a behavioral intervention plan for the child provided that the school district had not conducted such assessment prior to such determination before the behavior that resulted in the change in placement.

Weapons, Drugs and Serious Bodily Injury Exceptions

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, in cases where a child:

- a. carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a State or school district or approved cooperative;
- b. knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a State, an approved cooperative or school district; or
- c. has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or school district or approved cooperative.

Not later than the date on which the decision to take disciplinary action is made, the school district or approved cooperative shall notify the parents of that decision, and of all procedural safeguards under Section 009 of 92 NAC 51.

3. Determination of Alternative Educational Setting

The interim alternative educational setting in shall be determined by the IEP Team.

4. Appeals Regarding Placement in an Alternative Education Setting

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination under this subsection, or if the school district that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request a hearing by filing a petition pursuant to 92 NAC 55.

A hearing officer shall hear and make a determination regarding an appeal pursuant to 92 NAC 55 requested under 92 NAC 51-016.04A.

In making the determination, the hearing officer may order a change in placement of a child with a disability. In such situations, the hearing officer may:

- a. return a child with a disability to the placement from which the child was removed; or
- b. order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Placement During Appeal

When an appeal has been requested by either the parent or the school district:

- a. the child shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for in this section, whichever occurs first, unless the parent and the school district agree otherwise; and
- b. an expedited hearing shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.

6. Protections for Children Not Yet Eligible for Special Education and Related Services

A child who has not been determined to be eligible for special education and related services, and who has engaged in behavior that violates a

code of student conduct of the school district or approved cooperative, may assert any of the protections provided for under this section if the school district had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

The school district shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred:

- a. the parent of the child has expressed concern in writing to supervisory or administrative personnel of the school district, or a teacher of the child, that the child is in need of special education and related services;
- b. the parent of the child has requested an evaluation of the child pursuant to 92 NAC 51; or
- c. the teacher of the child, or other personnel of the school district or approved cooperative has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Building Principal or to other supervisory personnel of the school district.

The school district shall not be deemed to have the knowledge that the child is a child with a disability if the parent of the child has not allowed an evaluation of the child pursuant to Section 006 of 92 NAC 51 or has refused services under this part or the child has been evaluated and it was determined that the child was not a child with a disability under Section 006.

Conditions that Apply if No Basis of Knowledge

If the school district does not have knowledge that a child is a child with a disability (in accordance with 92 NAC 51) prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures applied to children without disabilities who engaged in comparable behaviors.

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the school district and information provided by the parents, the school

district shall provide special education and related services in accordance with this section, except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

7. Referral to and Action by Law Enforcement and Judicial Authorities

Nothing in this part shall be construed to prohibit school districts or approved cooperatives from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

A school district or approved cooperative reporting a crime committed by a child with a disability shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the school district cooperative reports the crime.

SECTION V: Internet Safety and Acceptable use policy 6800
Use of computer network and Laptop computer handbook updated 2012-13

Use of the Computer Network
Internet Safety and Acceptable Use
Policy (AGPS Policy 6800) 2012

It is the policy of Ashland-Greenwood Public Schools to comply with the Children's Internet Protection Act (CIPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (e) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

2. Access to Inappropriate Material. To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.

3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District's online computer

network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent's designees.

5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent's designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.

6. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.

The computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.

2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of

students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.

Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items

on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

c. Campaigning: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.

d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation,

- i. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).

Such software is often called a bug, virus, worm, Trojan horse, or similar name.
- vii. Users shall not engage in any form of vandalism of the technology resources.
- viii. Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.

e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:

- i. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
- ii. to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.

- iii. to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
- iv. to engage in or promote violations of student conduct rules.
- v. to engage in illegal activity, such as gambling.

Middle & High School Laptop Handbook

The computer network facilities available to students provide excellent tools to assist and encourage learning. Students are expected to use those facilities for genuine learning purposes only. Students who misuse or abuse computer network facilities will be subject to, at a minimum, temporary loss of network privileges and may face other disciplinary action.

Misuse or abuse of computer network facilities includes, but is not limited to, the actions listed below:

- a. gaining or attempting to gain access to someone else’s files
- b. sharing passwords loading programs on or copying programs from the network or a local station
- c. engaging in any network task reserved for teachers or systems operators
- d. any actions harmful to the normal operation and use of the computer network

All aspects of computer network usage (including, but not limited to, email sent and/or received, files created and stored, and Internet activity) are subject to school oversight at any time. Students are to assume no guarantees of privacy with regard to such network usage.

A. Distribution of Laptops

Laptops are distributed each fall to all 9-12 students following an orientation on the operation of and rules and regulations for the use of student laptops. If the student desires to take the laptop outside the school building the student and parent must sign a Laptop Usage Form. Laptops will be collected at the end of each school year for maintenance, cleaning and software installations. Students will retain their

original laptop each year while enrolled at AGHS. Middle School students will have access to laptop computers at school on a class by class basis.

B. Care of Laptops

Students are responsible for the general care of the laptop they have been issued by the school.

Laptops that are broken or fail to work properly must be taken to the Technology Help Desk located in the MS/HS Media Center.

General Precautions

1. No food or drink is allowed next to your laptop.
2. Cords, cables, and removable storage devices must be inserted carefully into the laptop.
3. Students should never carry their laptops while the screen is open, unless directed to do so by a teacher.
4. Laptops should be put in sleep mode before moving them to conserve battery life.
5. Laptops and bags must remain free of any writing, drawing, stickers, or labels that are not the property of the Ashland-Greenwood School District.
6. Laptops must never be left in a car or any unsupervised area.
7. Students are responsible for having their laptop's battery fully charged for school each day.

Carrying Laptops

The protective cases provided with laptops have sufficient padding to protect the laptop from normal treatment and provide a suitable means for carrying the computer within the school. The guidelines below should be followed:

1. Laptops should always be within the protective case when carried.
2. Do not place other materials in the laptop carrying case to avoid placing too much pressure and weight on the laptop screen.
3. The laptop must be put in sleep mode before placing it in the carrying case.

Screen Care

The laptop screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

1. Do not lean on the top of the laptop when it is closed.
2. Do not place anything near the laptop that could put pressure on the screen.
3. Do not place anything in the carrying case that will press against the cover.
4. Do not poke the screen.
5. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
6. Clean the screen with a soft, dry, antistatic, or microfiber cloth.

C. Using Your Laptop at School

Laptops are intended for use at school each day. In addition to teacher expectations for laptop use, school messages, announcements, calendars and schedules will be accessed using the laptop computer. Students must be responsible to bring their laptop to all classes, unless specifically advised not to do so by their teacher. Students are encouraged to take laptops home for educational use provided that parents have given permission for that use.

Laptops Left at School

Students who leave their laptops at school are expected to attend the 0 hour class period running from 8:05-8:10am. The purpose of 0 hour will be for students leaving laptops at school to collect those from assigned rooms for use during the school day. 0 hour class assignments for students will be identical to their last period class. At the end of the last period each day, students leaving laptops at school will store and plug in those laptops in a manner prescribed by classroom teachers. Students who do not arrive by 8:10am will not be allowed to exercise 0 hour checkout privileges by interrupting class or inconveniencing others.

Laptops Left at Home

If students leave their laptop at home, academic consequences similar to those applicable to forgotten or incomplete work will be enforced. Students will **not** be issued a loaner laptop for temporary use, nor will there be available machines due to neglect..

Laptop Undergoing Repair

Loaner laptops may be issued to students when they leave their laptops for repair at the Help Desk in the MS/HS Media Center.

Laptop Battery Issues

Laptops must be brought to school each day in a fully charged condition; if left at school overnight, classroom outlets will be provided for overnight charging. Failure to act responsibly with regard to ensuring battery charge will result in academic consequences similar to those applicable to forgotten or incomplete work; students will not be issued a loaner laptop for temporary use. In cases where required school use of the laptop has caused batteries to become discharged during the school day, students may be able to connect their computers to a power outlet in class.

Laptops Left in Unsupervised Areas

Laptops should not be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, computer lab, concourse, locker rooms, library, unlocked classrooms, dressing rooms and hallways. Additionally, laptops left in an unlocked

or “rigged” hallway or PE locker will be considered to have been left in an unsupervised area. Any computer left in these areas is in danger of being stolen. Unsupervised laptops will be confiscated by staff and taken to the Office. Disciplinary action may be taken for leaving your laptop in an unsupervised location. Laptops should be shut down overnight.

D. Managing Files, Saving Files, Printing

Students will be logging onto the AGHS network in order to access and save their work. Students will have their own user account and folders on the network with ample space to save any school related work. Only files stored in the student’s network folders will be automatically backed up and saved. Student work saved to a different location on the computer will not have backup protection.

Students may use network printers installed for student use. AGHS will not modify student laptops for home printing; work completed at home will need to be saved via means established for that purpose and printed upon return to school.

E. Laptop Software

Applications Software

The software originally installed by AGHS must remain on the laptop in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from laptops at the completion of the course. Students are not allowed to add ANY software to school issued laptops or run applications from ANY foreign device (flash drive, DVD, CD, etc.).

Virus Protection

The laptop has antivirus protection software. This software will scan the hard drive and floppy drive for known viruses on boot up. The virus software will be upgraded from the network. The school’s storage server and email server are also installed with virus protection software and hardware.

Filtering Software

Software programs have been installed to filter internet content while the student’s laptop is used at school, at home, or anywhere off campus. That filtering software will block inappropriate web sites and record web sites that students visit while they are using their laptops. Filtering software will also help keep systems clean from malicious spy ware and virus applications and files.

Inspection

Computers remain the property of the school district whether at school or home and may be inspected by school staff either directly or remotely at any time. The school has software that allows for remote monitoring of, access to, and control of school laptops.

Procedures for Reloading Software

If technical difficulties occur or illegal software is discovered, staff will re-image the student laptop. If re-imaging is necessitated due to student misuse, students will be assessed the cost of re-imaging at the rate of \$20.00 per hour for the time required to complete the process with the student laptop not returned until the payment is made. The school does not accept responsibility for the loss of any software deleted due to a reformat and reimage.

Software Upgrades

Upgrade versions of licensed software may be necessary from time to time. Students will be instructed what, if any action, will be required to complete upgrades.

F. Acceptable Use Policy

Educational Purpose

Ashland-Greenwood High School’s Acceptable Use Policy (AUP) will extend to all students during their enrollment at AGHS. The Ashland-Greenwood Public Schools is providing students in grades 9-12 with laptops in order to improve instruction, motivation, and learning. The acceptable use of student laptops is for educational purposes including research, multimedia production, communication, and homework completion. G. Repair or Replacement of Laptop Computers

Manufacturer's Warranty

This coverage is purchased by Ashland-Greenwood High School as part of the purchase price of the equipment and warrants the laptops from defects in materials and workmanship. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the laptop or laptop replacement. This warranty does not warrant against damage caused by misuse, abuse, or computer viruses. Please report all laptop problems to the Help Desk located in the MS/HS Media Center.

Accidental Damage

Please report all laptop problems to the Help Desk located in the MS/HS Media Center.

Fees for Instances of Accidental Damage

Students who use laptops are damaged due may be responsible for the replacement cost of the laptop or the cost of the repairs. If the laptop is stolen it is the responsibility of the student and parents/guardians to file a police report.

Intentional Damage or Damage Due to Willful Neglect or Loss

Students/Parents are responsible for full payment of intentional damage to laptops or damage to laptops that is due to willful neglect or loss regardless of warranties or laptop protection fees coverage.

SECTION VI
STUDENT HEALTH AND SAFETY

A. Accidents, Illnesses, Emergencies

Students who become ill during the school day will report to their teacher and may be directed to the office. If it is deemed necessary to send the student home, the parent or person the parent designates as the enrollment/emergency shall be contacted. If such contact cannot be established, the student will be kept at school until it is dismissed. Parents are asked to advise the school of changes to enrollment/emergency information.

If a student is injured at school and treatment required goes beyond that which school personnel can administer, the parent or designated person will be contacted and asked to come for the student.

If an injury or medical emergency arises which, in the opinion of school personnel, requires transportation for emergency care, the school will contact the EMS system in addition to notifying a parent or designated person. Parents can refuse such emergency transportation by signing a waiver for the rescue squad.

It is the responsibility of the parent to inform the building principal of any medical conditions that may put the safety of their child or other children at risk. The school may request direction from the child's physician on special accommodations to minimize risk of injury or illness.

B. Medication

The administration of medication at school is strongly discouraged except when necessary for the student's health or education. The dosage intervals of many medications can be adjusted so the times for taking the medication come outside school hours. When possible, interval adjustment should be considered before administering medication at school. All medications administered by school district personnel shall be administered in accordance with the Medication Aide Act.

Prescription medications which must be administered during school hours may be administered when the following are on file at school:

1. Physician's Authorization: A physician's signed, dated authorization including name of the medication, dosage, administration route, time to be given at school, and reason child is receiving the medication.

2. Caretaker's Authorization: A caretaker's signed and dated authorization or permission to administer the medication during school. A caretaker is a parent, foster parent, family member, or legal guardian who provides care for the student for whom medication is to be administered.

3. Original Packaging: The medication is in its original packaging and is labeled as dispensed by the prescriber or pharmacist. The label must name the child and identify the medication, strength, time interval and route to be administered. Two labeled containers may be requested: one for home and one for school. If needed, the physician may be contacted for clarification on medication administration.

If a student must take non-prescription medication during school, procedures 2 and 3 above are to be followed before administration. Medication authorizations must be renewed annually and updated immediately as changes occur.

Medication shall be delivered to school personnel and picked up by the caretaker. When medication is received, the amount received should be documented. Medication which is either past the expiration date or not claimed by the parent by the end of the school year shall be destroyed.

School officials may administer ointments, non-prescription throat lozenges, anti-bacterial sprays, Band-Aids, and so forth at their discretion unless written notice to the contrary is provided

by parents. Written parental permission is also required for non-prescription medicines such as Tylenol and cold tablets.

C. Self-Administration of Medication

Student Self-Management of Asthma,

Anaphylaxis, and/or Diabetes

Students with asthma, anaphylaxis or diabetes will be permitted to self-manage such medical conditions upon:

- 1) written request of the student's parent or guardian;
- 2) authorization of the student's physician;
- 3) receipt of a signed no liability statement from the parent or guardian; and
- 4) development of an asthma or anaphylaxis or a diabetes medical management plan for the student on forms provided or approved by the school district.

Students with such a medical management plan may possess the necessary medication to manage their medical condition under the conditions established in the plan and not be subject to discipline for such possession. Provided that, if the student uses or allows the medication to be used for any reason other than as prescribed or as provided in the plan or possesses the medication other than as provided in the plan the student shall be subject to discipline in accordance with the student conduct and drug-free school policies.

D. Immunization

The school district shall comply with all statutory provisions regarding immunization of students to protect against communicable disease. As provided by statute, each student shall be protected by immunization prior to attending school. A student may be provisionally enrolled in school if he or she has begun the immunizations required and continues to receive the immunizations as rapidly as medically feasible.

Eighth-twelfth grade students and students transferring in from out of state are required to have the following immunizations:

- 3 doses of Polio vaccine
- 3 doses DPT, DtaP, DT, or Td vaccine with one given on or after the child's fourth birthday
- 2 doses MMR or MMRV vaccine, given on or after 12 months of age and separated by at least one month
- 3 doses Hepatitis B vaccine or two doses of adolescent vaccine if student is 11-15 years of age
- **2 doses of varicella or MMRV** given on or after 12 months of age and prior to 13 years of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provided will be accepted
- 7TH Grade only: All the above doses, PLUS 1 dose of TDAP (must contain pertussis booster)—this dose can be received any time after 10 or 11 years of age depending on which brand of vaccine is received.

Students may claim exemption from immunizations. The following procedures will be followed in such cases:

- 1) Students claiming exemption from immunization for religious reasons shall deliver to the school a properly completed, sworn, and notarized affidavit to that effect.
- 2) Students claiming exemption from immunization for medical reasons shall deliver to the school a properly completed and signed statement from a licensed physician to that effect.
- 3) Students exempt from immunization for medical reasons or religious reasons shall be excluded from school during an outbreak of communicable diseases.

E. Physical Examinations

A physical examination will be required by a qualified physician within six months prior to a child entering Kindergarten, 7th grade or for children enrolling from out-of-state unless the parent objects to the child having the physical examination. The objection must be made in writing by the parent before the child can enter school. The cost of the physical examination is to be borne by the parent.

Students in grades 8th through 12th grades who participate in athletics must have an athletic physical on a form approved by the school and the Nebraska School Activities Association.

F. Communicable Diseases

The school should be notified in the event that a student contracts a communicable disease. Students shall be excluded from school for the following reasons:

- 1) contagious diseases such as chicken pox, measles, mumps, pink eye, etc.
- 2) skin eruption or suspicious rashes
- 3) vomiting
- 4) abnormal temperature
- 5) head lice (students with recurring head lice will be excluded from school until all evidence of lice are gone)
- 6) A child suffering from a skin disease or who has been absent from school because of an infection or contagious disease may be required to present a physician's statement prior to returning to school.
- 7) A child suffering from a skin disease or who has been absent from school because of an infection or contagious disease may be required to present a physician's statement prior to returning to school.

G. Sexually Transmitted Diseases

The following policy provisions ensure a safe and healthy school environment for all students in the event that education is provided for students known to have a chronic infectious disease (i.e. AIDS/ARC, CMV, hepatitis B, herpes simplex, etc.).

- 1) All children in Nebraska have a constitutional right to a free, suitable program of educational experience.
- 2) As a general rule, a child with a chronic infectious disease will be allowed to attend school with the approval of the building administrator; a committee composed of the school nurse, a parent of the child without the disease, and a physician will make a recommendation to the building administrator; the child will attend school in a classroom setting and will be considered eligible for all rights, privileges, and services provided by law and existing school policy.
- 3) The school nurse will function as the school liaison with the child's physician, the child's

advocate in the school, and the coordinator of health services provided by other staff.

- 4) The school will respect the right to privacy of the individual; therefore knowledge that a child has a chronic infectious disease will be confined to those persons with a direct need to know; those persons will be provided with appropriate information concerning such precautions as may be necessary and should be aware of any confidentiality requirements.
- 5) Based upon individual circumstances, special programming may be warranted and will be so determined by the building administrator; such special programs will be developed by a planning and placement team.
- 6) Under certain circumstances, a child with a chronic infectious disease might pose a risk of transmission to others; if any such circumstances exist, the school nurse in consultation with the child's physician must determine whether a risk of transmission exists; if it is determined that a risk exists, the student will be removed from the classroom.
- 7) A child with a chronic infectious disease may be temporarily removed from the classroom for the reasons stated in "2" above until an appropriate school program adjustment can be made, an appropriate alternative education program can be established, or the physician determines that the risk has abated and the child can return to the classroom.
- 8) Removal from the classroom will not be construed as the only response to reduce risk of transmission; school personnel should be flexible in developing alternatives and should attempt to use the least restrictive means to accommodate the child's needs
- 9) In any case of temporary removal of the student from the school setting, state regulations and school policy regarding homebound instruction will apply.
- 10) Each removal of a child with a chronic infectious disease from normal school attendance will be reviewed by the school nurse, in consultation with the student's physician, at least once every month to determine whether condition(s) precipitating the removal has (have) changed.
- 11) A child with a chronic infectious disease may need to be removed from the classroom for his/her protection when other communicable diseases (i.e. measles, chicken pox, etc.) are

occurring in the school population; this decision will be made by the child's physician and parent/guardian in consultation with the school nurse.

- 12) Prior to graduation from Ashland-Greenwood High School, each student will be provided with at least two hours of classroom teaching to address sexually transmitted diseases and the prevention thereof.

H. Emergency Drills

Fire drills, hallway evacuation drills and severe weather drills are held throughout the year without advance notice. The sounding of a buzzer and flashing lights is the signal to vacate the building for practice or because of a fire. An announcement, given over the intercom system, signals a severe weather drill and a hallway evacuation drill.

Pupils are to pass from the respective rooms, in single file, walking but not running. As soon as the building is deemed safe, a signal will be given for orderly return to the classes. Teachers will inform you of specific procedures to follow. Each room will have fire drill instructions posted indicating where you should go.

I. Insurance

Two types of accident insurance are available for children and application forms are available from your child's office. Information on insurance for your child is located at the end of this section (see Kids Connection & Student Assurance Services documents on the next 2 pages) The school does not carry accident insurance on students.

J. Child Abuse and Neglect

All members of the staff are required by law to report any suspected cases of child abuse or neglect to the appropriate law enforcement agencies.

K. Protocol for Emergency Situations

According to state regulation, schools are required to implement an emergency treatment plan, called a protocol, any time a student or staff member experiences a life threatening asthma attack or systemic allergic reaction (anaphylaxis). Our district plan is as follows:

- 1) Call 911
- 2) Give an EpiPen injection

- 3) Provide albuterol through a nebulizer

An EpiPen is a small pre-filled, automatic injection device that delivers epinephrine, a medication that brings quick relief by improving breathing and lung function. Albuterol is another medication that is used to bring breathing relief. The nebulizer is a machine that mixes the albuterol with air to provide a fine mist (aerosol) for breathing in through a mask or mouthpiece.

The protocol steps are designed to provide quick, effective care in order to prevent death from occurring due to a severe asthma attack or anaphylaxis. Staff members have been trained to recognize signs and symptoms of a life-threatening "breathing" emergency and to properly administer the medications. The protocol is a standing medical order that has been signed by Dr. Linda Ford.

If you know that your student has asthma or a known allergy, it is critically important that you communicate this information to the school nurse or building principal. For each student with a known allergic condition or asthma, you must provide the school with (1) written medical documentation, (2) instructions, and (3) medications as directed by a physician. In the event that your student experiences a life threatening asthma attack or systemic allergic reaction, we will defer to the specific documents and medication that you have provided. If you do not have medical documentation and instructions on file with the school for your student, we will defer to the regulatory protocol described above. *If, for whatever reason, you do not want your student to receive the life-saving emergency treatment under the protocol, you must file your written objection with the school.*

If you have questions or concerns about the protocol or your student's health issues, please contact our school nurse or building principal.

Health Care Coverage

Children who have health care coverage have a better chance of being healthy. It also allows parents to give their children the medical care necessary so that as students they stay healthy and focus on their studies. Students with health care coverage are less likely to miss school because of illness.

CHIP is health care coverage for qualified children who are without other health insurance and do not qualify for Medicaid. Federally called the Children's Health Insurance Program (CHIP), it provides the same services as those covered under Nebraska's Medicaid Program. Both Medicaid and CHIP provide well-child health care in helping to prevent diseases, finding and treating problems early and maintaining good health and development, basic hospitalization, specialty care as needed and certain mental health services.

Parents and guardians may apply for medical assistance, including CHIP, online at: www.ACCESSNebraska.ne.gov. CHIP is also available by calling toll-free at 1-800-383-4278.

STUDENT ASSURANCE SERVICES, INC. is an agency specializing in student accident insurance. As a service to the community, Ashland-Greenwood Public Schools has contracted with SAS to make student accident insurance policies available to families. This may be a valuable option to parents/guardians who, because of various reasons, do not have health insurance. It may also be a way to supplement your health insurance if you have a large deductible or co-insurance, including HSA plans. This is accidental bodily injury insurance; it covers accidental bodily injury occurring while the coverage is in force. Medical illnesses such as ear infections or sore throats are not covered.

Participation in any SAS plan is completely voluntary. The information that follows highlights coverage options, effective and expiration dates, medical benefits, exclusions, and premium rates effective for the 2014-2015 school year. This information is a summary of the master insurance policy issued to the educational institution. If there is a discrepancy between this information and the master policy, the master policy language will govern. ***If you are interested in purchasing an SAS plan, please contact your child's school office to receive an application/ payment form.***

On the FIRST DAY of the 4th week that a student is STILL failing AT LEAST one class continuously over the 4 week period, that student will be INELIGIBLE for competition or performances until such time as there are no failing grades. If the student is failing more than 1 class for a 4th week, they will be ineligible until such time that they have no failing grades, or, are only failing 1 course but continue to show consistent effort and improvement in that course.
